APPLETON. July 25th, 1562

VI SUNDAY AFTER PENTECOST.

It was certainly, an interesting spectacl to see such a great concourse of people which followed Icaus wherever He might direct His footsteps, and in their ardent multitude which went to and fro, was so great that He scacely found time to eat with His apostles and in order to repose Himself for a few moments that He was obliged to hide Himself alone in the moun tains. It was the miracles which Jesus constantly did, which brought such a multitude to Him. We may easily suppose that these persons had not all the same Jesus of Nazareth were really true, and to ask that I shall accord to proud reason, for John 1, 15. He has established un infalliassure themselves whether he was really I am ready to give to it every thing it post ble church as His organ to communicate the Messias—the long expected—the design of all particles of the properties of the Divine institution is the Messias—the long expected—the desired of all incloss. These dispositions far admit that reason built on experience can not as it is looked on by these misgaided praiseworthy. Infidelity, always unjust, was filled according to the constitution attack our body religion only by discern in man a spiritual soul, free will, universely that it can misrepresenting its doctrines and appealing and that would be forced at the constitution of the con which can attack our holy religion only by discern in man a spiritual soul, free will, in the received and developed by each man against them to the worst passions of the food has written on the tables of conscience, and obsom, reproaches the Catholic and obedience to whose decrees is called only in the faith and of interdicting all examination, because faith must be subject to reversion, because faith must be subject to reversion. It accuses her to be bland on the can arrive at the certain knowledge of the latter than the certain knowledge of the latter to be certain knowledge and developed by each man crash, pouring broadside after broadside in to the gunbout, which passing through the to the gunbout, which passing through the to the gunbout, which passing through the tothe gunbout, when the tothe gunbout, when the tothe gunbout, when the tothe passing through the tothe gunbout, when the tothe crash, passing through the tot lation. It accuses her to be bland on the can arrive at the certain knowledge of the motives of revelation; not knowing the first cause, that is, of God, of his unity, motives of revelation; not knowing the first cause, that is, of God, of his unity, hard between reason and faith, it sees nothing but contradiction. Divine faith being unchangeable as God Humself, is to the reason worshapers of the nineteenth century what the Divine revelation was to All this I most readily grant. I do not in.

All this I most readily grant. I do not in. Jesus Christ the Eternal Teath—The Light the Greek, a folly, and to the Jews a stumbling block. They will tell us: "Without conduct every man to these truths, but yet of the World. He who has said, "that the criticism there is no progress"—no taste. for argument's sake I will allow all this to gates of bell shall not prevail against his to make the court of the world. The Light conduct every man to these truths, but yet of the World. He who has said, "that the for argument's sake I will allow all this to gates of bell shall not prevail against his court," is able to redeem his pledge. only those things which human reason can demonstrate and reject; that which human I shall suppose the creation before you as science is pleased to reject. Poffed up

holy religion to lorbid the examination of ater. He has shown you in the resplendent its foundation. It is reasonable to examine depth of reason, which in Its own image in the scope for its exercise we could have were whether God has spoken through Jesus man, the ensemble of your doties towards faith not given. Reason in its own sphere, Christ, but it would be the pinnacle of dellim, towards others, and towards yourself. according to its own laws, is always equal rision to examine, after God has spoken. In a word, I shall suppose you to have conwhether we must believe him. The truths quered, by its aid alone, a system of natural of religion rest not on human reason, or science; of philosophical, of natural moralspeculations, or science; they rest on a tty, and of natural religion: all as complete fact—that God who is the Eternal Truth Himself has so declared and so spoken in enough? Have I accorded to reason sufficiently. His revelations to man. The Lord has cient to satify you? You will say it is too spoken; let the earth be silent, and man much and that I flatter that human intellisten with reverent awe Such is the prin lect already too proud of its conquests. You ciple upon which alone we can learn 75- will perhaps reply with Bossuet: "Human ciple upon which aimse we can tearn the strength and with certainty. To at the wild perhaps reply with possure: "Human ligion aright and with certainty. To at the wild with Fereion: "That the system of philosphermy a wooful gnorance of the first electrony as well as a constant with perhaps reply with possure: "Human will perhaps reply with perhaps reply with possure: "Human will perhaps reply with perhaps reply ments of religion and would mistead us in a attain the limits of purely human reason. church has combetted at all times have all what would you know of God, of man, has given me to perfect, the works them-selves which I do, give testimony of me, that the Father has sent me — John V. 36. his degrees, his duties corresponding to this tures (you Jews), for you think in them to duties exigencies corresponding to his su-

U. S. GUNBOAT PLOTILLA. spirit of sincerity to know the truth and be guided by a light superior to reason, and notony and ennui which has imag like a seemi inevitable. On comes the Arki enter this enquiry with a epirit of criticism, ture, whilst on the curth I shall make to was most effectually broken yesterday new strength at every step. She is

I would ask thee, if God has really held full speed down the river, with evidently had drawn her into too shallow such lenguage to men, who can assert that beyond what reason discovers there is nothing farther to be known? Who can fail to ondelet with the words, "the Arkansas is The Cincinnati, assisted by the Wenona, perceive that to that order of knowledge re-sulting from the creation there must be ad-mud colored craft, with a short, thick, black ded a supernatural order of knowledge re- smoke stuck in her middle, puffing out huge necessary construdiction, any more than in sulting from the intercourse between God volumes of black smoke, came swiftly the physical order there is between that and man called Revelation? If these two around the point and made for the Caron the physical order there is between that and man called Revention; at those worlds which we are acquainted and spheres of truth have an identical principle delet. The river was too narrow to turn fore, and will probably never take place back, even if Capt. Walker had so wished; again. In broad day light, in the very our material vision. If in the physical or these harmony is impossible. These two but the captain is one who knows no such teeth of a hundred gains, this craft slowly our material vision. If it the physical or these harmony is impossible. These and and an one who knows no along teeth of a numered gains, this craft slowly der it is admitted there can exist suns, stars orders of truth touch and embrace one and word as "back out," and a swinging around and deliberately made her way, selecting and systems which the eye of man can not other in the bosom of the Infallible World broadside, to avoid raking shots, the Caron-her own victims, and harling the glove of disposition; that different motives may have discover why should there not also in the alone—God and man, who is father of the delet befored forth a whole broadside on to defiance at the complete fleet. It is an brought them there. Besides the curiosity to see the wonders of Jesus Christ, several pioned another, to see for themselves whother in this hypothesis so lowering or degrading those wonderful things which were told of to the reason of man? How much do you have a stablished an infalli.

It is an advention; that underent motives may have discover why should there not also in the photosophy; for by the creation the rapidly advancing craft. Imagine the example of cool, daring courage unexamination He engendered faith. "The Word was made flesh and dwelt amongst us,"—the water. "At him again" was the cry, as deserving a place among the list of those the water. "At him again" was the cry, as deserving a place among the list of those monster at fitty yards range, but with no cess is undoubtedly owing to the circum-

her for and alt with pointed shot. The doing more Carondelet's stern and after division of their fors. starboard batteries kept up an incressant fire; but the huge solid shot flew off like India rubber balls. There was no tangible sput to be seen, a very small round hole, just large enough to admit the jun constituted her ports and on elevating or depress- | will do. The Arkansas is safe for a time. ing the port-hole moved with the gun Finding his guns were doing no service, The Catholic Church being infullible, for bids eriticism. It is above the reoch of discussion, and hence above or beyond referred. We thank these modern philosophers for their new catechism; who admit all the Greater is able to manifest of nature, and the boarders aske I will allow all this to gates of neil snau nos prevan agains. One thank his boarders called away, church," is able to redeem his pledge.

We to the man who like Oza of old in his not a man or a passage way could be found. The boarders now returned and the guns stay this ark of God, under prevent that the otherwise it might totter and fall. The carondelet's stern was now are facility wasted. The Carondelet's stern was now prevent against the redeem his pledge.

We to the man who like Oza of old in his not a man or a passage way could be found. The boarders now returned and the guns stay this ark of God, under prevent that the otherwise it might totter and fall. The carondelet's stern was now perfectly riddled, all the afficiency quarters. Capt Walker had his bourders colled away, Tyler 10 and into the rebel craft they poured; but own wisdom will stretch out his hand to The boarders now returned and the guns otherwise it might totter and fall. The wasted. The Carondelet's stern was now church can establish as a dogma only what perfectly riddled, all the officers' quarters Almighty God has revealed to her, and shot away, and everything literally torn to science is pleased to reject. Poffed up with the with the pride of learning and with the windy spirit of the age, they would, like Human large the secret of every enignorm.

I shall suppose the creation before you as Aimighty God has revenue to her, and shot away, and everything literally torn to whatever she declares or defines to have been pieces. At length a shot cut away the lilluminated pages the secret of every enignorm.

The Hazard Powder Mill Explosion.

The Hazard Powder Mill explosion, all lided to by telegraph, is thus further de lided to by telegraph, is thus further de scribed by an eye witness: At this juncture of affairs Capt. Walker men were at work in the press mill, and and Hunself, or to bring down the Elernal der of creation. The soul has discovered ences of opinion. Faith is true, is certain led a boarding party on the robels deck, and must be taken at so much ascertained but could find no possible way of getting box something better to offer us, we are very large to the mysterious relation truth, and used as the mathematician uses below. The hatches were all secured in secured in secured in the press mill, and not be taken at so much ascertained but could find no possible way of getting better to offer us, we are very large to the mysterious relation.

dermeath and the smallest kind of an aper- completely demolishing the bailding. The ture or hole was nowhere to be found ring so many ages, has not escaped you, not cover the whole field of human thought This discovered, the party returned to give op their boat only when the bottom of the river called tor her. The flag which still floated from her stern was never to be struck to the rebels, as long as one board floated to hold it up. What men were left stood to hold it up. What men were left stood to hold it up. What men were left stood to hold it up. What men were left stood to hold it up. What men were left stood to hold it up. What men were left stood to hold it up. What men were left stood to hold it up. worked them until the Arkanens, thinking she had about finished her victin, pushed and fragments in every direction, and the along past her and stood for the Tyler which had stood by the Carondelet through which had stood by the Carondelet through ber motion and knowing her thin frame stant, causing the loss of another life. Mr. would stand no chance when brought in James Beach, the only workman left in contact with the enemy's invulnerable that building, was washing his hands prep sides, headed down the stream keeping just aratory to quitting for the day, when he clear of the Arkansus and firing her stern wasseaught and blown some distance. His buttery. This chase was kept up until the body was found in the neighboring stream, mouth of the river was reached when the with a heavy stone upon it. Tyler, her boats shot away and badly cut The tenth victim was Miss Celia Smith,

All eyes were strained to see the cause of the Tyler's commotion. The ram fleet struggle, but Miss Smith was the only per-which lay near the mouth of the Yazoo, son who was killed. Proceedings of the War Meeting.

Pursuant to previous call, the citizens of Appleton, in large numbers assembled at Adkins' Hall on Monday evening, July chosen Secretary. The Mayor briefly stated the objects of

this war meeting to be, to assist Capt. Jewett to raise a Company of men for the 21st Regiment, Wisconsin Volunteers. He then Capt. Jewett then took the stand and

to the people to assist in filling up this Co., at once. He was followed in brief speeches by Mr.

A. B. Jackson, H. W. White, and Colonel Sweet.

After various propositions had been made and discussed it was decided to have a Comof five to examine into the expediency of the County or City offering a Bounty for Volunteers to enable this Co. to be speedily filled. The Chair appointed as said Com., A. B. Jackson, T. R. Hudd, J. S. Buck; Capt. Spaulding and James Ryan.

It was also on motion, voted to have permanent Finance and Working Committee of three from each Ward in the city. to more effectually secure the object of the meeting. On motion, the Chairman and Secretary

were ordered to select said Com. The following gentleman were appointed

as said Com., and on motion were ratified

by the meeting : City at Large. - Capt. Spaulding, Chair-

First Ward .- R. R. Bateman, Or O Tichenor, and Tho's Hanna.

Becond Ward .- George R. Wood, Dr Douglas, and Dr. Tompkins. Third Ward .- G. I. Brewster, J. M.

Barker, and Z. Patton. Fourth Ward .- A. B. Jackson, B. K.

Seaman, and Peter Van Leshout. The above Com. were to meet for business and report at an adjourned meeting.

On motion the meeting adjourned to meet again on Saturday evening next, Aug. 2d, at 8 o'clock. WM. JOHNSON, Ch.u. JA'S RYAN, Sec'y.

troubled life. "All things shall work to

gether for good to them that love God." We recall our departed friend, in his lin gering illness-in this determined resist ance to the inroads of disease. We see by the wayside resting; we see him in the sanctuary weary and faint; we hear the home and friends. But there is a brighter side. 'He led him by the right way, that he might go to a city of habitation."

"No sickness there,
No weary wasting of the frame away;
No fearful shruking from the mininght air.
No dread of Summer's night and fervid ray;

"No hidden grief, No wild and cheerless visions of despair; No vain petition for swift relief, No tearful eye, no broken hearts are there. " With Hope our guide,

With Hope our guize,
White-robed and innocent, to trend the way,
Why fear to plunge in Jordan's rolling tide,
And find the haven of eternal day? * His mother preceded him only three days to

Ward; Mr. Sesman, Fourth Ward. The following Resolution was offered by

Dr. Douglas, and carried : Resolved, That a Committee of three be appointed to memorialize the County Board

of Supervisors to make an appropriation for bounties to Volunteers for the War. The Committee selected, consisted of Dr. Douglas, A. B. Jackson, and R. R. Bate-

man. On motion, Capt. Spaulding was added to the Com. Before adjourning the Committee decided to meet every Tuesday evening.

A false impression is being received among some of the Germans here, to the effect that we are "down on them, trying to keep them under" &c., than which nothing can possibly be farther from the truth. Any one at all conversant with the columns of Crescent in the past, knows that we have defended their rights, in common with those of every other nationality, and our views and feelings toward them has undergone no change. We regard them as among the best of our population-industrious and lawabiding citizens of adoption, to whom we have always entertained the best of feel-A District Donation will be held ings. The article published a couple of weeks

since has been used to endeavor to excite prejudice against us: it being represented that it was a drive at the Germans. Every Thomas Boyd of Calumet, formerly word of it is groundless. The remotest idea or disposition to reflect upon any one's ceived a recruting commission for the 21st feelings in this matter, never entered our In justice to ourselves, those who linve

been misrepresenting us in this matter, inct Establishment on the Avenue, opposite whether to excite prejudice against us, or for any other purpose ought in under to Blacksmithing correct these wrong impressions. OCF The fire alarm this, Friday morning,

was caused by the premises lately occupied by Mr. Stoesger, having been discovered to be on fire. It proceeded from a defective stove pipe, in an adjoining building and had it not been discovered just when it was, becity. Let all give it a careful and candid fore it got well started, nothing would have saved the best portion of our business street. As it was, the fire was squeiched in short meter. NOW WHAT SHALL WE DO

Our Clerk of the Board informs us that the different town Assessors are constantly writing to him about their Milicia enrollment duties. We presume the troubnon. Come to Northern Wisconsin, ye le is, that many are anxious to make themselves out disabled so as to avoid being placed on the Militia list. We think that it is not the duty of the Assessor to decide who are or who are not able bodied men He ought to enroll everybody almost and then when it becomes necessary to bring these militin into the field, there will be proper officers to decide who are disabled.

OF THE WELCOME BELLS !- Everybody the Rebellion, from our valued correspon- is delighted over the advent of the Swiss dent Utrobique, and we bespeak a consider- Bell Ringers once more, which is announced for to morrow. Saturday evening, at Adkins' Hall. We mean everybody who possesses a soul to be "moved with concord of sweet sounds" and songs. It is to be hoped that the echoes of their dear bells will is always arunning order and for currencemmendation, we merely ask an examination of our work, charm away all "blue devils" and evil passions, envy and all baseness, through many one and all, give us a call. ducements than can be afforded by Road sions, envy and all baseness, through many and many a year to come! Go and bear the music. You'll never be sorry.

FARMERS!-We will send the Crescent free of charge, one year, to the Ontagamie county farmer who shall (by actual measurement, attested by witnesses.) raise the largest number of bushels of Winter generously given \$5,000, as bounty money, Wheat, on five acres of land. To the second best yield of the same, we will send the Crescent for six months. This offer holds good for six weeks, at which time we to assist him, will hold meetings in the will report. Returns must be carefully written and mailed or handed in to us

Barnum should be informed of the existence of that new style of sidewalk, just invented by the business men in Smith's follows: Ellington, Monday evening; Block! Self Preservation,

The first law of nature requires it in times like the present, and I predict that one-half the Merchants

who continue to do business in the old way will be laid unon the shelf within one year from late.

Therefore, he it enacted, that from and after the First day of January, 1862, the

Crediting Practice

smore than that sum. If every man will buy only what he can pay for, he may becompelled a practice

telf-denial, which mag in the oud save him from bank-upley and others from loss on his account.

He only is independent who can pay for what he buys, or deny himself of it, whether a necessary or

tuxury. Foreign and domestic goods have each ta-

stillfarther advance, and it becomes every family topractice economy at least in the jugures of life

Jobu Bullis nowthreatening to invade ournation in which case Sugar, Ten and Coffee will become dark

and high, and for these luxumeawe should contrive to use a substitute.

I have fixed upon the heginning of the New Your exampend allorediting and shall also require all

persons to settle up all balances in Casa, or some other way that will be satisfactory.

It is too hard to pay cost, therefore I give notice brough the Cretcent, that all persons intercated

may take notice and govern the masves Accordingly. My ledger is full and my day book has run out.

All Kinds of Goods

formerly kept, I have now on hand, for Cask Customers, and them only. The above reward will be given

to my creditors as soon as received on sales and accounts. Appleton, Dec. 25, 1861.
